

## PILOT - EXPERIMENTAL - INNOVATIVE PROJECTS

The board welcomes new ideas in curriculum. Proposals for pilot or experimental projects will first be reviewed and analyzed by the administrative team. Projects recommended by the superintendent will be considered by the board. Pilot and experimental projects approved by the board, the Iowa Department of Education, or the U. S. Department of Education may be utilized in the education program.

Students who may be, or are asked to participate in a research or experimental project or program, must have their parents'/guardians' written consent on file prior to participating in the project or program. A research or experimental program or project requiring parents'/guardians' prior written consent is a program or project designed to explore or develop new or unproven teaching methods or techniques. These programs or projects will be designated as research or experimental program or project may be inspected and reviewed by the parents/guardians of the students participating or being considered for participation in the program or project. The inspection and review by the parents will be in accordance with board policy 605.2, "Instructional Materials Inspection."

It will be the responsibility of the superintendent to develop administrative regulations regarding this policy.
